change the curriculum to meet the
changing needs of the membership

The Fitter Assistant Program for DME Of The American Association of Orthotic Fitters

The new Fitter Assistant Program for the DME provider combines distance learning with a one day live presentation. This program will provide the medical academic background to go with your on-the-job training.

The program is designed to help start your career in DME and Orthotics by providing a base knowledge in Medical Terminology & Anatomy through home study and a one day live course in practical fittings.

The course is free to all members of the AAOF/ASOP

You are invited to join before you attend.

Curriculum

Saturday, November 12th

8:30am	Sign-in at event center
9:00-9:50	Orthotic Overview
10:00-11:30	Lower Extremity Lab
11:30-12:15	Lymphedema
12:15-1:15	Lunch
1:15-2:30	Spinal Bracing
2:40-4:00	Upper Extremity Lab

The Fitter Assistant Program

The Fitter Assistant Program is designed to be the first rung in your career ladder. You will receive a certificate as a "Fitter Assistant" upon completion of the course.

You can go on to obtain your certification in orthotic fitting from either the American Board for Certification in Orthotics, Prosthetics & Pedorthics, (ABC) or the Board of Certification, International (BOC). The AAOF will help you in this process through training opportunities and career guidance

Tuition: Free to all members of the American Association of Orthotic Fitters and the American Society of Orthopedic Professionals

You can join at

Go to **www.aaofusa.org**

If you work in the DME field

Go to **www.asop.org**

If you work under the direction of an Orthopedic Surgeon

Limited to Just 25 students!!
